

## TOMORROW'S SECURITY, TODAY

Do you want full control of your IT estate, a network that is safe from threats with your critical data protected across your organisation?

HTG Overwatch is a Security Managed Service that aligns with the industry recognised zero trust security model. The service is built upon continuous verification and strict access controls adhering to the CIS Framework.

Our commitment to these principles and controls forms the cornerstone of our service, empowering your business to operate in a protected and assured state of compliance.

### PROTECT YOUR BUSINESS WITH HTG OVERWATCH

We keep your business safe, so you can do what you do best.

- ✓ Secure management
- ✓ 24/7 protection
- ✓ Air-gapped recovery

# OVERWATCH

SECURE PROTECT RECOVER

## THE THREE PILLARS

HTG Overwatch empowers your business to operate in a protected and assured state of compliance.

### OVERWATCH SECURE

Secure management of your entire IT estate, with monthly reports to ensure security and peace of mind.

- ✓ Empower your team with seamless workplace collaboration using Microsoft 365 (M365).
- ✓ Ensure the security of your IT infrastructure with remote monitoring and patching.
- ✓ Protect your M365 tenant with our 24/7 SOC team (includes endpoint detection & response and managed detection & response).

### OVERWATCH PROTECT

Protect critical data across your entire organisation and ensure data integrity and compliance.

- ✓ Safeguard your critical servers and Microsoft 365 data with our data protection solutions.
- ✓ Ensure data integrity and compliance, even in the face of accidental deletion or cyber-attacks.
- ✓ Gain built-in data immutability and protect your business from ransomware attacks.

### OVERWATCH RECOVER

Air-gapped backup for your servers and data in the cloud, online, and on premises.

- ✓ Reduce unplanned downtime & maintain business continuity with a fast restore of critical workloads.
- ✓ Confidently verify your data from offsite immutable copies removing the risk of unauthorized modification.
- ✓ Identify & remediate indicators of compromise in your network.

## WHY HTG?

As a Microsoft FastTrack partner, we are in the top 1% of Microsoft partners, globally. We have established the first Microsoft Center of Excellence in our region, and are also a Microsoft Specialist Solutions Partner with advanced specialisations in Cloud Security, Identity and Access Management, Threat Protection, and Azure Virtual Desktop.

With HTG Overwatch, you can operate confidently. Knowing that, in the event of an attack, our team of experts will ensure a safe and successful managed recovery that reduces potential data loss and financial damage to your business - all while protecting your reputation.
